

Inpatient Counseling and Substance Abuse Providers

*Remind yourself of the reasons you want to change.
 *Remove reminders of your addiction from your home, workplace, and other places you frequent.
 *Think about your past attempts at recovery, if any. What worked? What didn't?
 *Set specific, measurable goals, such as a start date or limits on your drug use.
 *Tell friends and family that you're committing to recovery, and ask for their support.... **SEEK help... ACCEPT help!**
